INVITATION

for participation in a workshop and conference on the project "B-TEN - Improved nodes Giurgiu-Byala for better connection to TEN-T infrastructure", with e-MS code ROBG-442, financed through the INTERREG V-A ROMANIA-BULGARIA Programme and national co-financing".

LADIES AND GENTLEMEN,

Byala Municipality, Ruse Region, in partnership with the territorial-administrative unit Giurgiu Municipality, in its capacity as Lead Beneficiary, implements a project "Improved nodes Giurgiu-Byala for better connection to TEN-T infrastructure" (22.08.2018 - 31.12.2023), acronym B-Ten, system code e-MS: ROBG-442.

The project is co-funded by the European Union through the European Regional Development Fund under the Interreg VA Romania-Bulgaria 2014-2020 Programme, Priority Axis 1: "A well-connected region", Specific objective: "Improving the planning, development and coordination of cross-border transport systems for better connection with the TEN-T transport network".

The main objective of the project is to improve the overall transport system by effectively connecting Giurgiu County and Byala Municipality with the TEN-T network.

Specific objectives of the project:

1. Improving the transport infrastructure for better connectivity to the TEN-T network to ensure convenient and safe transport;
2. Development of joint traffic management systems and smart mobility measures in the Giurgiu-Byala cross-border area;
3. Enhanced public experience and knowledge in the field of cross-border traffic safety measures for better coordination of the transport systems.

Part of the project activities are:

- ✓ **Creating a joint traffic management system, including:** Development of a traffic management plan; Implementation of a joint traffic management system; Information campaign related to the traffic management system;
- ✓ **Integrated information/awareness system for undertaking traffic safety measures, including:** Mapping of the black spots with high rate of road accidents and development of an integrated information system in the two communities; Studying the traffic and the needs of development of the road infrastructure in the cross-border region;

www.interregrobg.eu

Elaboration of a survey "New approaches in the field of traffic management and traffic safety measures"; Conducting a Conference on "New approaches in the field of traffic management and traffic safety measures".

As a result of the conducted study under the project, we identified your organization as a stakeholder, and therefore we invite you to participate in the first workshop to be held with other stakeholders with the purpose of improving the common transport system by effectively connecting Giurgiu Municipality and Byala Municipality with the TEN-T network and assessment of the traffic management plan.

The Conference and workshop will take place on **30.07.2021 in the town of Byala**, at the following address: town of Byala, 9 Panayot Volov Str, the Hall at Verona hotel at 12:00 o'clock

The Agenda of the events is attached to the Invitation. You are kindly invited to confirm your participation and to provide a list with the names of the participants in the workshop, by **28.07.2021**, at the e-mail specified in this letter, with a view of making proper arrangements for the event.
